Re: Your Child's Health Record Registration Form

Dear Parent:

We have been advised by the Ringwood Board of Health that the following rules from the New Jersey State Health Department are in effect.

1. All children are required to have Hepatitis B Immunization series before entering Pre-School, Pre-Kindergarten and Kindergarten.
2. All Pre-School and Pre-Kindergarten children must have proof of a current flu vaccine by December 31, 2018.
3. All children are required to have two doses of a measles-containing vaccine given after their first birthday, preferably MMR.
4. All children are required to have the Varicella (chicken pox) vaccine. Other required immunizations are DTAP or DTP, HIB and Polio.
5. A pneumonia vaccine called Prevnar is required.
6. Please have the Doctor fill out all required immunization and physical forms.
7. Please make sure your doctor stamps the immunization sheet and physical form with his/her name and address and signs the forms.
8. Kindergarten must have dental exams. Pre-School and Pre-Kindergarten are not required to have dental exams.
9. Lastly, all children must have all their immunization prior to entering school. They will not be allowed to enter school without their physical and immunization forms totally completed per direction of the New Jersey Department of Health. The forms **must** be in the school by **June 15, 2018**, in order for your child to start school in September 2018.

PLEASE NOTE:

A current immunization record **must** be in school by **June 15, 2018**, even if your child's physical is scheduled after that date due to your insurance coverage. If you have an HMO or your insurance will not pay for a physical before the above date, please call the Nursing Office as soon as possible.

If we can be of any assistance to you, feel free to call us at 973-962-7131.

Sincerely,

The Nursing Office
